**DETAILED ACTION**

**EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Kevin Murphy on 3/3/2008.

The application has been amended as follows: "X" in claim 34 will be replaced with "the inorganic or organic anion". The claim will now read:

A method according to claim 33, wherein the inorganic or organic anion is selected from carbonate, chloride, bisulfate, formate, acetate, citrate, phosphate and ascorbate.

***Allowable Subject Matter***

The following is an examiner's statement of reasons for allowance: The closest prior art, Crunkle et al (US 6,416,627) describes a light inhibitor of similar overall structure, but the instant invention does differ from the prior art formula in that the nitrogen atoms within the molecule are all bound to an additional hydrogen. The resulting organic molecule carries a net positive charge (+6), resulting in different characteristics that the molecule disclosed in the prior art. This change in charge is not

suggested in the prior art formulations and although changing the charge on a molecule may have been within the ability of one of ordinary skill, there is no suggestion or motivation present to suggest why one would carry out such an action.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to MICHAEL J. FELTON whose telephone number is (571)272-4805. The examiner can normally be reached on Monday to Friday, 7:30 AM to 4:30 PM EST.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Steven P. Griffin can be reached on 571-272-1189. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
